

YEAR 5/6 TERM 4 OVERVIEW

Monash
School

READING

Students will continue to develop their reading strategies and skills through CAFE. They will explore how to use functional grammar to support them in questioning, summarising and synthesising to improve comprehension skills.

WRITING

The scaffolding literacy approach will be introduced to students this term. Students will work to stretch their thinking of literature, through an in depth novel/word study, while working to develop their language features in writing, spelling and understanding author's choice.

YEAR 5 MATHEMATICS

- Time
- Data and statistics
- Adding and subtracting decimals through the use of money
- Locations/transformations
- Ongoing mental computation

YEAR 6 MATHEMATICS

- Time
- Data and statistics
- Working with percentages, fractions and decimals through money
- Ongoing mental computation

INQUIRY

Students will be focusing on Business and Economics during Inquiry this term, as they investigate some of the skills required in creating a business. Students will design and create a small business to run on Mini-Market Day.
