## Notes Going Home This Week

First Aid Program – Kinder to Year 6
Principal's Message

Dear Parents and Carers

How quickly the first two weeks of term have passed! Again it has been a very eventful week. Our students and staff have a lot to celebrate.

Today, we were treated to another wonderful assembly. The game show theme was a big hit with parents and students alike. I would like to congratulate our year 5 / 6 students for their performance today and at the same time also congratulate all students who received awards.

5 / 6 treated us to a comprehensive introduction to our new value “Responsibility” this morning. They rearranged a One Direction song into a “Monash Direction” song outlining what it means to be responsible. Over the next two weeks, the whole school will be unpacking what it means to show responsibility at school, at home and everywhere in between. Please take opportunities to talk to your child or children about their learning with regards to our Values Programme.

On Monday and Tuesday of this week, approximately 90 of our students in the 3 / 4 and Winyu units attended the overnight camp at the Birrigai Outdoor Learning Centre. For many (including some of the staff) this was their first experience of a school camp. A great time was had by all despite the freezing conditions. Perhaps most importantly, the children focussed on challenging themselves and working in collaborative team situations. I would like to acknowledge the very dedicated staff who attended and at the same time thank parents/carers who provided support to their children so that this opportunity became a reality.

The Year 3 /4 camp will now become an annual tradition as will the year 5 /6 camp which is to be held later in the year. Thanks to those parents/carers who have already lodged an expression of interest for their child/ren to attend this camp. More details of requirements will be provided next week.

I would like to take this opportunity to remind parents/carers that parent/teacher interviews will occur next week on Monday to Thursday. It is great that so many of you appear to be taking advantage of this opportunity to have a formal meeting with your child’s home group teacher. This meeting provides an excellent opportunity to discuss the Semester One report and focus on Semester Two goals.

In the coming weeks, all of our staff will be participating in professional development in sharing best practice in the area of Reading. On Thursday of next week, Julie Dixon, Deputy Principal, Isabella Plains Early Childhood School, will be working with our K to Year 4 staff in the classrooms assisting them to develop innovative guided reading strategies. In the following week, our Year 5 /6 teachers will be attending professional development, with other schools from throughout the Tuggeranong Network, to advance their knowledge of cooperative reading strategies.

Last night, an introductory session for KidsMatter was run in our Community Hub. The members of our school community that came along spent time brainstorming and sharing ideas around the KidsMatter initiative. If you were unable to make it to the session last night, a helpful video has been posted on the school’s Facebook page which gives a clear picture of KidsMatter is and how it benefits our students.
I would like to announce that beginning next Thursday, 7 August I will be hosting a fortnightly Principal’s morning tea. These gatherings will be for a selection of children from across the school to meet with myself at approximately 10.30 am in the staff room. One aim of this gathering is to acknowledge children who have been identified by their teachers consistently demonstrating the school values. Students will also have the opportunity to discuss key issues in the school with me. Class teachers will nominate one student per fortnight to attend as a representative of each class.

At Meet and Greet next Friday morning we will be presenting ribbons from our recent Monash School Athletics Carnival to students. Parents/carers are invited to attend Meet and Greet if possible to celebrate with their children.

Later this term we will be holding our major Learning Expo for Semester Two. It is my intention to provide maximum prior notice of this upcoming event in an effort to enable as many parents/carers to attend. The Expo date will be Wednesday, 24 September from 9.00 am to 10.00 am for all classes. This occasion provides the children with a wonderful opportunity to showcase and celebrate their achievements and for parents/carers to again touch base with staff.

Finally, I would like to announce, extensive consultation and approval of plans, works will commence on our Outdoor Learning Area (Sensory Garden) in Week 8 of this term. This will be a very exciting project for our school. This will cause some minor disruption to traffic flow at the front of the school, however, a management plan will be developed and communicated in coming weeks.

Thanks for your ongoing support and I look forward to catching up with as many of you as possible during parent/teacher interviews next week.

Enjoy your weekend!

Shane Carpenter
Principal

Congratulations
Monash School would like to congratulate two former students who have both received Bronze medals at the Commonwealth Games in Glasgow.

Nathan Hart in the Men’s sprint cycling team and Rebecca Henderson in the Women’s cross country mountain biking.

Congratulations!

Small Boxes
If you have any small boxes at home ready for recycling please consider bringing them in to Kindergarten. Please do not send in toilet rolls.
Many thanks

EALD
My name is Laloma Ware and I have taken over from Emmaley Greene as the English as an Additional Language or Dialect (EALD) teacher for the remainder of this year. I am very excited to have the opportunity to work with the students at Monash. I am more than happy to speak to parents/carers about your child's English language development. If you have any questions I can be contacted through the front office on 6205 7555.

Laloma Ware
Value of the Fortnight-Responsibility

Skill of the Fortnight- Accepting Feedback or a Consequence

Over the next fortnight we will be focusing on; Accepting Feedback or a Consequence.

We will learn that the steps for this skill are:

1. Look at the person (this shows that you are paying attention)
2. Say “Okay” (this shows that you understand what the other person is saying)
3. Don’t argue (this shows that you are mature)

Reasons for using this skill:

1. You will know what you did wrong and be able to correct it.
2. You might not make as many mistakes in your work.
3. You will show others that you are able to take responsibility for your own actions.
4. People are more likely to talk with you about a compromise.

If you see your child using this skill at home, please reinforce this positive behaviour with them.

Thank you for your ongoing support.

LIBRARY NEWS

Book Week
Book Week this year is Monday, 18 August to Friday, 22 August. The students will be participating in a number of activities to celebrate books. They will be participating in rotations on Thursday lead by the Year 6 students. Each day there will be “Drop Everything and Read” time.

On Friday, 22 August the children will have the opportunity to dress up as a book character. There will be a parade in the hall at 9.15 am.

Chief Minister’s Reading Challenge
The Chief Minister’s Reading Challenge ends on 5 September. Eight of the books must be from the Chief Minister’s list of books that will be located on special shelves in the library. For children who are not yet able to read, the books can be read to them. All students who read 12 books will receive a certificate from the Chief Minister.

Books
It has been great to see so many children regularly borrowing from the library. The students are allowed to borrow for 2 weeks and then they need to renew or return the books. We have a number of very popular books and it important that they are available to students. Please ensure that books are returned by the due date.

Borrowing days are:-
Monday- 1/2M and 1/2D
Tuesday- 5/6 F, 3/4B/M and 3/4E
Wednesday- 5/6M and 5/6L/C
Thursday – KP and KM
Friday – KC, JNRB and 5/6C

Teacher Librarian
Joeys and Koalas

Preschool children have been busy this fortnight despite the cold, windy weather.

‘Buddies’ have begun to come over from the primary school to be teamed up with a preschooler for a variety of fun activities.

The Joeys made some yummy “Energy Balls” with Jess in the kitchen this week and we ate them for our afternoon tea!

Tactile activities have included brown playdough, rollers and shape cutters, a mini ‘Going on a Bear Hunt’ trail with water, mud, snow, a forest and long grass for little counter bears to traverse, bark to paint on and garden watering with our lovely new watering cans!

Interests have included: making our own board games, making our names with sticks and glue, vegemite bread, making houses out of boxes, dolls house play, witches and broomsticks, helmet-making, volcanos, how to swing ourselves and how to ride a tricycle!

The children all drew beautiful pictures of all their holiday adventures to put in their portfolios as well.

Possums and Echidnas

The Possums and Echidnas have settled into the term beautifully. What a difference a rest makes!

This term we have Duncan Smith coming in Week 3, Possums have their Bus Wash in Week 4 and their assembly is in Week 6 and later on in the term we will have visits from the Dinosaur Museum and Kenny Koala.

Currently we are learning about money; where money comes from? Why we need money? How do you get money? The children are very interested in the different types of coins. Trying to explain why $2 is made smaller than $1 but has a higher currency has proved challenging!

Both groups have been spending a lot of time in the home corner, which is ‘camping’ this term. A lot of time was spent in the holidays setting it up and it is absolutely amazing. Come in and check it out when you can.

Portfolios will continue going home with either Minty or Chocolate and second rounds should begin soon. After receiving your child’s report you may want to set up a time to chat with myself, if so organise this with me in the morning or afternoon drop off, or call the Preschool during school hours.

The book of the fortnight for weeks 3 and 4 is “Ol’ McDavo Had a Farm”. It is similar to “Old MacDonald Had a Farm” but the Australian version. McDavo sings about a platypus, cockatoo, bilby, wombat and dingo on his farm.

Bimbi Unit News (Kinder)

Kinder have started Term 3 with a BANG! On Wednesday of last week, we celebrated 100 days at school! Many of us dressed up as if we were 100 years old and we all participated in lots of activities centred around the number 100. We jumped, hopped and skipped 100 times to start our morning, then we made Fairy bread with 100’s and 1000’s! We wrote a procedure so that we would remember how to make it and be able to make it again at home. We played lots of maths games and activities around the number 100. We can’t wait to see what learning we will do in the next 100 days!
We have changed around our Literacy and Maths groups. Both groups have different teachers and are excited about our learning. In Literacy we are all learning more about how letters and sounds work together to create words. We are looking at rhyming words. You might like to play games of “I spy” at home with rhyming words. For example, “I spy with my little eye, something that rhymes with bee.” – tree!

In Maths we have been learning more about numbers and place value. We have been learning about how special the number 10 is and why 18 is written with a 1 first and then an 8. Next week we will continue to use numbers when we learn more about how to add and subtract numbers. We have had a big focus on counting on. When you are adding two numbers, you always start with the biggest number and then count on the smallest number. E.g. when adding 3 and 9, start with 9 and count on 3 more.

We would like to strongly encourage all students to leave all their toys at home. At the moment there seems to be many issues around possession, breaking of toys and looking for lost toys. These issues are a big distraction to the students’ learning.

Seeing as August and springtime are approaching, from Friday the 1 August, all students will need to wear their hats again anytime they go outside. Even if it is not particularly sunny, students will be asked to put their SunSmart hats on before they can be allowed outside.

In Week 4, Kindergarten will be presenting the assembly again. It will be on Friday 15 August commencing at 9:15am in the School Hall. We would love to see you all there supporting Kindergarten! We are looking forward to presenting a new value to the school!

Kinder have started a new unit of work around recycling, reusing and reducing waste. We would like to take this opportunity to ask you to chat to your children about rubbish. Where does the rubbish truck take all the rubbish? How can cardboard and paper be reused and recycled? How could we reuse plastic bottles? How can we sort our rubbish into different groups of rubbish? We looked at some pictures of rubbish and talked about what we could see, what we thought about what we could see and if we had any questions about the things in the pictures.

We look forward to meeting with you next week in the parent-teacher interviews to discuss your child’s future learning. If you have not made an appointment yet, please feel free to talk to your child’s teacher to make a time.
Yerra Unit News (1 / 2)

The students in 1/2 have started Term 3 off positively and are working really hard in their new groups. Yerra Unit and Yerra Heights are learning about Poetry in Writing Groups and so far have written rhyming poems and learnt different ways to do acrostic poems. Their poems are written based on their interests and the students have been very creative whilst learning to spell new words. Over the next few weeks the students in 1/2 will be learning about other poetry styles and compiling all of their work to make their very own book of poems.

Over the past 2 weeks in Maths, Year 1 have been learning how to collect and interpret data as well as learning to tell the time on digital and analogue clocks. Year 2 have been learning about capacity and using Maths time to engage in rotations learning how to measure in litres with water and rice and using language in their written work, for example, same as, less than and more than.

1/2 were very fortunate to have a special visit from a dental hygienist who came and explained the importance of keeping our teeth clean by eating the rights foods and brushing our teeth twice a day. The students received a special bag with toothpaste, tips to take care of your teeth and coloured in a special poster.

It is now August which means hats need to be worn when playing outdoors. Please ensure hats and other belongings are clearly labelled with your child’s name. 1/2 lost property is located in Yerra Unit if your child has any missing belongings.

Dulma Unit News (Year 3 / 4)

Dulma Unit has had a very exciting start to Term 3. The students had an amazing time at Birrigai, participating in many team building activities as well as challenges such as the flying fox, giant swing and crate climb. The teachers were all very impressed with the co-operation, confidence and persistence that the students demonstrated throughout the two days at camp. Many students challenged themselves to step out of their comfort zone and the smiles on faces clearly showed the sense of satisfaction and achievement they felt as they completed each challenge.

Now back at school, Dulma is working hard to develop an understanding of purpose, audience and structure for our current text types of procedure and explanation. This links directly with our IRP unit for the term which is science focused. Over the next four weeks, the students will investigate a range of concepts including heat, forces and materials through our immersion lessons. Our Learning Expo is scheduled for Wednesday Week 10 (24 September 9.00 am to 10.00 am) so make sure you lock in that date into your calendar.

In maths, the year 3s are working hard to develop their understanding of mass, capacity and length measurements. They are doing a great job working both independently and within small groups as well as participating in explicit teaching groups with Miss Logan and Miss E during our new maths rotation
program. Year 4s are currently working on angles and are busy finding acute, obtuse, right, straight and reflex angles around the school. Next week they will be moving on to working with protractors. Year 4 students are also refining their knowledge of fractions and decimals and working to relate this knowledge to percentage.

Next week, the students will be working in small groups to create mosaics based on our school values. The finished tiles will be on display later in the term.

Interviews also begin next week. We look forward to discussing your child’s progress and working together to set learning goals for the next semester. If you are yet to make an interview time please contact your child’s homeroom teacher.

Bural Unit News (Year 5 / 6)

5/6 have had a very busy but wonderful start to Term 3!

Last week students in 5/6C and 5/6LC presented the NADIOC week assembly. Students worked hard to create scripts for the announcers and story narrators. Students also created Aboriginal dot paintings and performed a Dreamtime story titled “The Rainbow Serpent”. Students in 5/6 F, 5/6D and 5/6 M have been creating a wonderful and exciting assembly to introduce our new focus value Responsibility to the school at this morning’s assembly. All students have worked very hard on these assemblies and should be very proud of themselves.

5/6 did not waste any time getting back into the swing of things! This term our IRP focus is on Health and Physical Education. Students will look at various ways they can keep their bodies and minds healthy. They have already begun thinking of some great topics to research for their final IRP and have begun studying each of the different topics with a high level of enthusiasm and engagement.

During our Writing Groups we have been focusing on Information Reports and how to write a detailed, cohesive report. There have been many great reports from the teachers about how well students are beginning to identify the structural and language features commonly found in Information Reports.

Throughout Maths Groups the whole unit has had a heavy focus on whole number mental and written addition and subtraction strategies. The Year 6 students have been focussing on the various fraction families and how they relate to one another and the Year 5 students have been focusing on chance and probability.

Throughout the 5/6 unit great things are happening and we are delighted with how the students have settled into Semester 2 and the quality of work that they are producing.

Winyu Unit News

It has been an exciting fortnight in Winyu. Our Year 3, 4, 5 and 6 students all attended the Birrigai Camp with the Year 3/4 students. Ms Burgess, Jodie and Julie came to camp with our day trippers, and Ms Nuzum and Glenda spent two days out at Birrigai with our overnights. We did all sorts of adventure activities and team building activities, such as the giant swing and the climbing courses. We also had to work out how to get around obstacles using group work without falling onto the ground and solve different challenges. In the evening, we had a trivia night and Luke proved he was the sports trivia champion. We then watched Smurfs 2. The excitement in the cabin was contagious and trying to get everyone asleep was Ms Nuzum’s and Glenda’s challenge of the day! It did not help that Glenda’s foghorn alarm went off at 6:30am the next morning and awoke everyone from their peaceful slumber with a jolt out of bed. The positive was that we got to see the sunrise over the Brindabellas and a large mob of kangaroos grazing near the cabin. The children all participated well and their behaviour was exemplary. They cannot wait for camp next year. Winyu would like to thank the Year 3/4 team, especially Belinda, for organising the camp - we know that it was a lot of effort and time. We would also like to thank our parents for letting us have this experience with their children. I think they will always remember their first time at camp.
In class, Winyu N and Winyu B have started a new Art Discovery Unit. We will be looking at different types of art and artists as well as exploring different art mediums. It is a chance for the children to explore their creative sides as well as build fine motor, gross motor and cognitive reasoning skills. Further, Winyu are doing Every Chance To Dance as a unit and the children are loving the weekly dance lessons. We have also extended our social skills unit to include the new school values. Twice a week, we do social skills together as a unit and the children are now starting to use words such as respect and resilience in their everyday conversations or as examples of how to behave.

In numeracy, Winyu B are doing a unit on measurement. The students are currently concentrating on length using non-standard measuring and they are enjoying all of the hands-on measuring activities. Winyu N are starting their unit on money. The younger students will learn how to recognise coins, be introduced to the idea of value and will add coins of the same denomination together. The older students will be introduced to adding coins of different denominations together. If you are out shopping, please give your children the opportunity to pay for items and receive change. There is nothing that is more important than ‘real life’ learning experiences.

Hats need to be worn again now that it is August. Please make sure that your child has their hat at school.

Dirt to Dish Kitchen News

With lots of exhausted bodies returning from camp this week, it’s timely that I have chosen a quick, easy recipe you can throw together in under ten minutes that can be a snack on the go or a lunch box treat that tastes great and is full of goodness.

The “Choc-full of Energy Bites” we made this week are not only healthy but are also great for fuelling hardworking bodies and brains with lots of super ingredients.

The main ingredient is dates. Dates are originally from the Middle East, growing in hot, arid environments on the lush Date Palms. They are a wonderfully sweet treat that pack a big punch in the fibre, vitamin and mineral department as well. Dates are quite high in natural sugars, so they are very appealing to young taste buds. While some children can find dates difficult to enjoy on their own, blended with cocoa powder, dried apricots, sunflower seeds and rolled oats they take on a delicious fudgy consistency that will keep tummies full and satisfy any sweet tooth.

Don’t let the kids eat them all, they can be an afternoon pick me up, or a pre-gym snack as you run out the door! Why not take them bushwalking for extra energy?

The best part of this recipe is that you can custom make them to your own tastes. Why not try adding healthy Omega 3 chia seeds, or different dried fruits for new and interesting flavour combinations. To keep them healthy we have used cocoa powder instead of chocolate, but if you are feeling indulgent, they can always be coated in melted chocolate for a special treat. Nuts also work really well but please remember that if you do use nuts in the recipe, they cannot come to school in lunch boxes. Each batch makes approximately 30 energy bites…but beware….they may not last long.

Fridge quote this week: “I knew how to cook from quite an early age, simply because…I liked it”! Jamie Oliver.

Happy Cooking everyone,

"Hub Happenings"

This week has been a busy week in the hub with our usual activities and the start of the program "cool little kids"...we also had our kidsmatter introduction to parents evening which went well and will be repeated in the coming weeks.
The Hub is looking for parents and people in the community that have a skill or a trade to share... it might be cooking, a quirky craft, flower arranging, landscaping, renovating, cake decorating. What are you good at?

This is a fantastic opportunity to teach and learn from each other I would love to hear your ideas.

Hub helpings is the name of a new care and compassion initiative where the school and community pull together to help each other by supplying a meal to families who maybe going through a rough patch, sickness, new baby or just need a night off. How this works is by making a list of names of those interested in cooking and supplying meals so if we hear of someone in need we can ring a person of the list please put your name down at the front office to be on this calling list.....this initiative needs many hands.

The Hub is open on Monday and Tuesday 8.00 am - 3.30 pm and Friday 8.00 am - 12.00 pm if you have any questions or have any ideas I would love to chat with you.

Hub activities-

Breakfast club- Monday, Tuesday, Wednesday 8.00 – 9.00 am
Open to all families and children.

Parents and carers morning tea- Tuesday mornings 9.30 am - 10.30 am

Playgroup -Friday mornings 9.30 am - 12.30 pm
Everyone welcome.

Bootcamp- Friday afternoons on the Monash primary oval 3.15 pm open to all parents and carers free of charge.

Up coming events-

Girls night in at the Hub Friday 22 August 6.00 pm.
Looming, nail painting and a girly movie....this is approaching fast please put your names down at the front office.

National Child protection week 7 – 13 September.

Family pumpkin decorating competition starts 1 October till the 25 October entry fee gold coin donation the prize for the best decorated pumpkin will be a family pass to flip out...you can start painting now:)

Hub coordinator

**ATTENTION VOLUNTEERS AT MONASH SCHOOL**

If you would like to volunteer your time at Monash School please be aware that you will need to obtain a Working With Vulnerable People Card. Information and application form can be picked up from the Front Office. The completed form can then be lodged at the Government Shopfront with the cost of the card being free for parent/carer volunteers. We encourage all our volunteers to sign up for a card.

Please remember to carry your Working With Vulnerable People Card with you if you are volunteering in the school.
Nut Allergies
As you may be aware Monash School has a number of students who are allergic to nut products and if they were to come in to contact with these products, they could have a life threatening reaction. We are asking our school community to avoid sending in products that contain nuts.

School Grounds
Please note that bicycles and scooters are not to be ridden within the school grounds or school corridors. Thank you.

School Rule

“At Monash Primary School we all try to keep ourselves and others safe and happy”

P & C NEWS

P & C President – Call for Nominations
Due to personal reasons the President of the P & C, Jess, has had to resign her position. We are now calling for new nominations for President for the second half of the year. The next meeting was to be held on the 11 August, but the committee has decided to delay it by a week and will now be held on the 18 August at the Community Hub, to allow time for nominations to come in.

Save Time Order Online - Its quicker and easier than writing out paper bags and finding change in the morning for your lunch order...... Get the flexischools APP (from the app store if you have an iphone) and have it on your phone - within a few clicks you’re done! It's easy as 1,2,3: 1. Register on flexischools.com.au 2. Add some funds to your account 3. Start Ordering

Canteen Roster
Below is the roster for this current term. I still have days where I am looking for parents to help in canteen. Canteen shifts are generally from 9.00 - 12.00, however if you can help even for a short time that is also appreciated.
Please check your schedules, and if you are able to help on one of the days empty, please contact Veronica or Kate in canteen. Canteen Phone 6291 6357, email monashpscanteen@outlook.com

| Mon 4th Aug | Jo | Mon 11th | Jo |
| Tues 5th   | Tracey | Tues 12th | Eleanor |
| Wed 6th    | Rachael | Wed 13th | Rachel |
| Thurs 7th  | Julie | Thurs 14th | Lyn |
| Fri 8th August | *HELPERS | Fri 15th August | *HELPERS |
|            | NEEDED* |            | NEEDED* |

THE ENTERTAINMENT BOOK!
If you would like to keep your copy of the Entertainment Book, please enclose your payment in the envelope the book came in and return to the Front Office as soon as possible. The P & C receives $12 on each copy sold.

Any unwanted copies of the Entertainment Book must be returned in the envelope it came in to the Front Office immediately.

If you would like to order additional copies of the book, please see the Front Office.

Thank you for your support.

School Uniforms
School uniforms are available from Savvy School & Formal Wear, Shop 32, Homeworld, Soward Way, Tuggeranong. For any enquiries, please phone Savvy on 6293 4342. All Monash parents receive 10% off uniform purchases.
SCHOOL BANKING

School Banking operates each Friday, except the last day of term. Please bring completed bank books to the Front Office.

COMMUNITY NOTICES

The GIANTS vs North Melbourne
At Home in Canberra
The GIANTS will take on the North Melbourne Kangaroos at Star Track Oval on Saturday 9 August at 1.45pm. For their last match in Canberra for 2014 the GIANTS are offering a special ticket offer, with $30 getting you a Gold Reserved seat in the Hill Stand (normally valued at $47) and a voucher to redeem a free beverage and pie while at the game! Simply click here and enter your codeword ‘BEVY’ when you purchase. Note this offer is only valid online via this special GIANTS page and cannot be redeemed at the venue box office on the day of the event. Only valid for seats within the Hill Stand.
Get along to game and help cheer the GIANTS to victory.
Go GIANTS!
Authorised by Jenny Priest, Director, Sport and Recreation Services, Chief Minister, Treasury and Economic Development Directorate

Remember ‘READERS ARE ACHIEVERS’
Dear Monash Primary School - Preschool Unit,

Our referral service Child Care Vacancy Alert is an additional service we offer to help education and care providers connect with families seeking care.

For just $6.50 (+GST) per referral we supply you with the contact details of families which have registered recently that match your current vacancies.

Simply email or phone the family to advise them of your vacancy and hopefully fill the spot. We can't guarantee that the family will take your spot but it's an easy and affordable way to maximise the chances of filling your vacancy quickly.

There are currently 4 families seeking child care which match your vacancies and are looking for care in your area now.

Need to know more about Child Care Vacancy Alert click here or contact us via email at enquiries@careforkids.com.au.

CareforKids.com.au® the trusted source for child care
