

YEAR 5/6 TERM 2 OVERVIEW

Monash
School

READING

Teachers and students will be engaging with the CAFE reading menu to target their individual reading goal. Goals will be targeted towards comprehension, accuracy, fluency and expanding vocabulary to challenge independent reading confidence.

WRITING

Students will be exploring the modality of language to persuade their audience. Class discussion will involve developing strong arguments through word choice and sentence structure. Later in the term, students will engage with information reports to align with our Inquiry unit.

YEAR 5 MATHEMATICS

- Probability
Listing outcomes of chance experiments
- Fractions
Recognising unit fractions
- Geometry
Estimating and drawing angles

YEAR 6 MATHEMATICS

- Probability
Listing outcomes of chance experiments using fractions, decimals and percentages
- Fractions
Recognising equivalent fractions on a number line
- Geometry

INQUIRY

Geography content and knowledge will be covered by students engaging with resources Europe and Asia to develop a research report about a country of their choice. Students will be learning the importance of appropriate referencing when researching by using a bibliography.
